

## Web Page Upgrade

VIRTUAL STUDENT FEDERAL SERVICE

|                 |  |
|-----------------|--|
| Project Title   | Web Page Upgrade   |
| Project Summary | Develop a creative web page with content that will attract users. This page will also be interactive so users can share tools, resources, and comments. There will be other web page duties as assigned. |
| Country         | United States  |

## Project Description

The website you'll be helping to redesign/refresh is already up and running but will need someone who is familiar with web page design.

## Required Skills or Interests

Skill(s)

Editing and proofreading

Graphic design

Storytelling/blogging/vlogging

Website design

Writing

## Additional Information

You can find the website at [www.opm.gov/wiki](http://www.opm.gov/wiki)

You will work with a team of about 4 persons to collaborate ideas and to make suggestions about the refresh of the page.

# Language Requirements

*None*
